DISSATISFACTION OVER A RACE.

The third race yesterday was one that caused great dissatisfaction. St. Pauline, a light, fragile filly that weights less than seven hundred pounds, was an odds-on favorite. She was ridden by Reiff and was heavily backed to win by the public. The start for the race was all that could be desired, but St. Pauline seemed to be jostied first by one horse and then by another. On swinging into the stretch Reiff attempted to go through on the rall, where

so to 5 was the olds against his chances. Charade waited for his opponents. Mary Stone and Laurel, until the stretch was reached, when he set sail after the leaders, and beat Mary Stone to the finish by half a length.

Watterson for some unknown reason, was plunged on in the fifth race, so that the odds against him receded from 6 to 5 against, until 5 to 4 on was the receded from 6 to 5 against, until 5 to 4 on was the hest price laid against him. Billy 8 at 18 to 5 and Top Gallant at 4 to 1 had some strong supporters. The field were sent off well in line, with Top Gallant having a flying start, and he soon opponed up a gap, when Carter steadled him, so that Watterson got up to him on the last turn. Carter gave Top Gallant his head, and he easily gained a length, which was gradually increased so that at the finish he won by two lengths from Watterson, who beat Billy 8 the same distance for the place.

from the adjudication upon the constitutionality of the Ives Pool law, as presented by the prevailing opinion in that case (Ives versus Britton), the defence in this action must fail upon the ground taken in the concurring opinion handed down therewith. Hence the determination of the Supreme Court in the Case of Relliy versus Gray, wherein contrary views as to the constitutionality of the act were expressed, even if it could be here observed with propriety by this General Term, is not available as a support for appellant's contention, for we should be content to rest our decision upon the express ground taken in the concurring opinion referred to. In the concurring opinion in Ives versus Britton, to which he refers, Judge Bischoff holds that the Ives Pool law was constitutional, but that it only removed the penal liability, and could not be held to make betting contracts enforceable.

M. F. GOODBODY GETS FIRST PLACE IN-THE SOUTHAMPTON TOURNEY.

HIS EASY VICTORY OVER JOHN HOWLAND, OF YALE-THE FINAL MATCH WITH LARNED

WATCHES THE TENNIS PLAY.

Southampton (L. I) society attended an exhibition of living pictures on Wednesday night and yesterday morning all the masculine and feminine living pictures tured out to witness the third day's play of the championship tennis tournament. The feminine pictures were unusually lively, and they formed a picturesque sight surrounding the courts. They saw M. F. Goodbody, the Irish crack, defeat John Howland, a Yale expert, in three straight sets and wondered how he did it so easily. This victory gives Goodbody the first prize, a handsome silver cup, and the right to play Larned for the championship and the possession of the still larger silver trophy. Larned defeated the Irishman last week at Longwood and hopes to do it again to-day, but Goodbody enough, somehow or other wins him many points.
In his match with Howland yesterday Goodbody played with the same excellent accuracy and good

just where he wants the ball to go and it usually, goes there. He puts only little pace into his returns, and this rather helped than hindered him against Hewland. The Yale man had a bad hand and was hardly in the game for the first two sets. But he made a strong effort in the third and last. The score, 6-2, 6-0, 6-4, shows the decisiveness of Goodbody's victors.

But he made a strong effort in the third and last. The score, 6-2, 6-4, shows the decisiveness of Goodbody's victory.

The result of to-day's contest will be awaited by tennis players with interest, as there is no telling what Goodbody might do at Newport should he show decisively that the result of his last meeting with Larned at Longwood was a scratch, and that he is better than the American. The scores of the day were as follows:

RESULTS OF WENTWORTH MATCHES. Hotel Wentworth, Newcastle, N. H., Aug. 2.-The semi-finals in singles in the Wentworth tourna-ment were completed this morning, and Clarence Budlong and W. G. Parker were the winners. The first match was that between Budlong and William Scudder. Scudder did not play at his best, and Budlong won, 6-0, 6-1, scoring 25-9 and 27-2 points

in the two sets. Silas D. Reed played a plucky match with Parker, the Southern champion, but although he gave the latter a great score in the second, he did not play steadily to win. In the first Reed played rather poorly, except for a brace in the third and fourth games, when he passed Parker at the net re-

peatedly. Parker won, 6-2, 6-4. In the doubles M. Chace and Foote played In the doubles M. Chace and Foote played a Harvard and Yale combination, composed of J. B. Read and James Terry, winning, 6-4, 6-2. E. W. Parker and O. Budlong defeated the Wise brothers, 6-1, 6-0.

Two good double matches were the programme for this afternoon. Both of the stronger pairs lacked team work, never having played together hefore, and both matches were consequently closer and better contreted. M. Chace and Foote in their match with Scudder and Carleton were worked for all they were worth, especially in the second set. The younger men deserve much credit for the tennis which they put up. The summaries of the afternoon matches were:

Semi-final round-Chace and Foote defeated Scudder and Carleton, 6-2, 7-5; Rudiong and Parker defeated Reed and Ware, 6-2, 3-6, 6-1.

Consolution singles (final round)—J. Terry defeated Beales Wright, 6-0, 6-0.

On Friday morning C. R. Budlong and W. G. Parker will play the finals in singles, and on Saturday morning the finals in doubles will be played.

DEFYING THE COURTS. SANTA FE EMPLOYES REFUSE TO RECOGNIZE JUDGE FOSTER'S ORDER.

Kansas City, Mo., Aug. 2.—At last night's meeting of the American Railway Union at Argentine 400 Santa Fé Railway employes, who were recently summoned to appear before the United States Court at Topeka, took action, refusing to obey the mandate of the court. While the recent strike the Rous Memorial Stakes of twenty sovereigns was in progress the strikers were served with each, half forfeit, with 500 sovereigns added, for two-copies of restraining orders from Judge Foster's court at Topeka, enjoining them from trespassing upon or molesting the company's property. In addition they were notified to appear in person at the meeting of the court at Topeka on August 6, and answer to the complaints against them. In the rush of the work during the heat of the strike the men were unmindful of the summons. Last night the near approach of the date caused a discussion in the American Railway Union meet-ing. Secretary McFadden was finally authorized to send the following letter to Judge Scarritt at

to send the following letter to Judge Scarnes L. Topeka:

Sir: In behalf of myself and other men at this point, who have been served with returnable orders made in the first week of August, I beg leave to say we are not conscious of having violated any law, and we do not feel justified in paying railroad fare to answer them in person, nor will we employ an attorney. If the decrees of the court can be invoked against us with no more justification than in the present case, then our boasted justice and liberty is simply a jug-handled affair, and we will not attempt to resist it. You will find us at Argentine whenever you want us. Very respectfully,

J. S. M. FADDEN, Secretary.
